I love the take out food there, only problem I had was I ordered kitchen balls and when I opened the box they were in some pretty funky shapes, I still like the place though, I've never eaten at the restaurant it self though because I've heard many reviews about it. What [User](#) doesn't like about Ruby King Restaurant:

The decor is really outdated with fake flowers and Xmas lights strung everywhere. The service was good and portions were generous but the quality of food was not. Definitely not on my list to return. The Ruby King Restaurant from Amherstburg offers various appetizing [seafood](#) menus, many table guests find it especially great that they can try the *versatile, tasty Chinese cuisine*. When you have less appetite, you could simply have one of the tasteful sandwiches, a small salad or another snack, the menu also includes [delicious vegetarian meals](#).
